

We can't give you one good reason to advertise in **Teens Now Talk** magazine.

The fewest we can think of is six.

**1 BE SEEN**      **Raise company awareness!**

TEENS have their fingers on the pulse of today's Trends N Technology.

Be Seen by the 1000s of ACTIVE, CANDID and TRENDSETTING youth readers and today's hard to reach savvy consumers. Also, let's not forget their supportive and curious parents.

**4**      **Reaching your market just got easier!**

Book your ad before Oct. 26th, 2007, and take advantage of our value-added offer and the direct benefits of...Being Seen and Heard by teens who not only want to succeed...

**They want to exceed!**

**2 BE HEARD**      **Connect to your audience!**

NOW you have the opportunity to deliver your message.

Be Heard as we deliver awareness of your products and services directly into the hands of your target audience.
